62 | Engineered Wood

RIGID CORE LVT / SPC

Rigid core is a type of floating floor that clicks and locks into place (no adhesive necessary) and can be installed over most existing hard floors, meaning less upheaval in your home during installation.

An ideal alternative to laminate and engineered hardwood floors, rigid core offers the same realistic look, but with the durability and waterproof qualities of luxury vinyl.

MISSISSIPPI

The Mississippi range has a 10-year warranty when used in a commercial property which emphasises the high level of quality and durability the flooring has. It is ideal for all homes and rooms as it is entirely waterproof, making it easy to maintain daily.

To replicate real wood flooring, the planks have bevelled edges to give a smooth finish to your floor as well as having an authentic embossed finish from the use of grains and knots running through the planks.

The installation is easier than ever as the planks have an innovation click system, so your floor will be laid in no time.

The Mississippi's colour range will add depth to your home. The richness of the colours with grey and shades of browns is perfect for traditional and modern homes.

CONGO

The Congo collection is very strong and durable which is great for any property as it is made to last and stand the test of time.

Congo is entirely waterproof, so you needn't worry about any spillages as the planks just wipe clean.

The beauty of having wide-planked flooring is that it enhances both small and large rooms, making it versatile as it flows from room to room.

The Congo collection colours includes blends of brown and grey hues with a cool undertone, making the flooring look crisp and fresh, which is perfect to brighten up any home.

The colour has a very stripped back feel, which is ideal if you want to create an elegant and timeless home whilst still having a modern feel to it.

The different variant of colour adds detail to the knots and grains give the planks the authentic registered embossed effect, making it look like real hardwood flooring.

MEKONG PLANK

The Mekong range of flooring is a great real wood alternative as it is cheaper and easier to install as the plank have an innovation click installation method.

The bevelled edges make it easier to clean as the surface is smooth and gives it a very similar finish to hardwood flooring.

The Mekong Plank style has an array of colour, so no two planks are the same, creating a realistic look, especially with the authentic registered embossed effect finish.

This flooring is currently on-trend, as it is a neutral and subtle colour, it will compliment a vast array of interior designs and colours.

It is stylishly sleek, which is perfect if you are opting for the minimalist look, especially as there is detail in the flooring from the grains and knots. The light and cool tones create a more spacious and tranquil feeling.

DANUBE PLANK

The Danube Plank collection is a great idea, if you are looking for a warm and welcoming style of flooring.

The various shades help to add a sleek and sophisticated look to your room and the shade of colour blends well with other colours.

This is not a wooden floor, but it looks like a wooden floor. This flooring also has an embossed herringbone effect which is fun yet classy, and it is well received in high-end interior homes.

This specification of flooring is extremely durable, so if you are prone to causing wear and tear or you are looking to buy a flooring which will look as good as the day you installed it in years to come, then this the best choice for you.

The installation is relatively easy, as it is fitted by using the innovation-click method, meaning the installation will not take too long and you will be able to use your flooring as soon as it has been laid. You will be covered with a 25-year guarantee for domestic use, as the quality is of a very high standard and a 15-year guarantee for commercial use.

NILE

The Nile collection is a classic. If you are looking for flooring which looks sleek and pristine in its appearance and blends well with any interior colour scheme, then this is the floor for you.

The range of shades bring character into a room and you could mistake it for a real wooden floor as it has a registered embossed wood effect in its texture.

Installation is easy as it uses the Innovation-Click method, so this flooring does not take very long to install. The floor is also ideal for every type of household as it is extremely durable, and it can even be used on commercial premises. As the floor isn't overly glossy, it is not slippery, so you do not need to worry about slipping over.

There is a 25-year domestic guarantee on this flooring, as it is a high-quality product. If it is used for commercial purposes, there is a 15-year guarantee.

GANGES

The Ganges tile effect flooring is perfect for those who want a fashionable and realistic looking slate style flooring, without both the cost of purchasing genuine slate, as the flooring has authentic tile style.

Tile styled flooring is a good choice for various styles of homes because it is dark in colour and it fits well with any type of colour scheme. This style of flooring is extremely durable, and it is ideal for households with children and pets as it is rather robust.

Slate styled tiles are not smooth in their texture, so marks will not show up as easily as they would on a smoother surface, and they are very easy to keep clean.

They also add an indoor-outdoor look to your home, which is great if you want to give a modern look to your interior.

There is a domestic warranty of 25 years and the commercial warranty is of 15 years.

LAMINATE

Increasingly popular, laminate flooring offers a great low maintenance alternative to real wood or tile flooring. Underfoot stocks high quality cheap laminate flooring from a number of leading manufacturers all under one site.

Highly durable, our laminate flooring has been designed to last and is easy to maintain. Simply sweep and mop, Underfoot laminate is great for flooring in family homes, allowing sticky fingers marks and muddy footprints to be easily cleaned. In addition to its practical benefits, laminate flooring offers exceptional value for money, often costing less than real wood flooring.

The laminate features wood grain embossing, bevelled edges and 3D textures to further add to the authenticity. Underfoot laminate floors are so easy to install - the planks simply click together and can be trimmed to fit around cabinetry and corners.

WARHOL

The Underfoot Warhol Collection is the perfect choice of flooring to create a classic but modern, rustic style to your home. This versatile design will compliment any type of interior and is available in a wide range of colours and tones to suit your home.

VAN GOGH

The Van Gogh gives a seductive smoky wooden floor effect, without the price tag that is attached to brand new wooden flooring.

Laminate flooring is something to consider because it is of high quality and it looks very much like a wooden floor. It is also relatively straight forward to install.

The planks are laid vertically which helps to make a room look bigger in its appearance, and they are sleek which means they blend seamlessly together. This type of floor is great for most homes because it is suitable for households with pets and children, as it isn't prone scratches and slight damages.

The flooring is not slippery, and it is not overly shiny in texture, which means it will not be as prone to splash marks and any other type of mark, which overly shiny and glossy textured flooring shows.

REMBRANDT

The Rembrandt laminate flooring from Underfoot comes in a traditional oak effect finish, for customers that want fuss-free flooring that is both visually appealing and easy to maintain. A classy neutral range, Rembrandt would go well with any decor and colour palette. Expertly designed, the natural grain detail seamlessly blends together at the joins. The textured feel and subtle design variations of the planks replicate the look of real wood.

Our Rembrandt range features a warm blend of light and dark browns, bordered by dark brown edges, adding depth and authenticity to the wood effect finish. This natural laminate is perfect for homes with spacious rooms; the extra wide planks join together to create the illusion of an expansive sweeping floor.

This range comes in 8mm thick planks, constructed to be durable and scratch-resistant. If that wasn't enough - all of our Rembrandt collection laminate floorings use a simple click system for quick and easy installation.

MONET

Our Monet Collection is a lovely natural-looking laminate produced using renewable and environmentally friendly materials.

It has a structured oak wood effect finish and the recurring pattern gives the impression of a real wood floor, with minimal maintenance.

The wide range of colours within the Monet collection would compliment any home, from the contemporary to country rustic. With warm mid brown hues and natural grain and knot detailing, every aspect of this design has been carefully thought out to look authentic.

This range comes in extra wide planks with subtle edges, harmoniously joined together for a seamless and interrupted floor design.

The Monet collection can be used in any room and, for ultimate comfort, can be laid on top of underfloor heating systems. Our Monet range is perfect for both home and commercial use.

CARAVAGGIO

The Caravaggio laminate tile range offers a minimalistic design, suited to a modern home. Subtle stone detailing adds depth and texture to the genuine charm of this flooring. Neutral hues are complemented by contrasting dark grout detail at the edges of each tile, causing the concrete/marble effect to catch your eye and further adding to the authenticity of the tile appearance.

Our Caravaggio range can be used in rooms across the home, and even for commercial premises. The laminate is hard-wearing and resistant to stains, a fantastic choice for customers who want a crisp clean look that is going to last. It is easy to maintain and you don't have to worry about chipping it unlike real tiles either!

If you are looking for a chic laminate tile, our Caravaggio range may be perfect for you. Not only is the collection suitable for use with underfloor heating, making it an excellent option for cosy living areas, but the simple one-click system allows for installation to be carried out by DIY-ers or professional fitters.

BANKSY

Give your home the classy natural look with the Banksy Hickory Oak laminate flooring. The dark, real oak looking flooring would give your home an earthy feel, making your home feel more inviting from the warm hues as well as being a very versatile colour.

The grain running through each plank will help to make each room appear more fresh and bright which will help your home to give off a tranquil perception.

The detail the knots add in the laminate helps to create a natural effect, making it a brilliant alternative to real wood.

The structured surface of each plank makes it highly robust and durable, which is ideal for any room within your home, especially this colour as it's versatile and can be mixed with a vast array of different colours.

The easy click grooves help to create asynchronous pore connection between each plank, resulting in a sleek, well finished real hardwood look to your floor.

Distressed Whiskey Oak 8167

MICHELANGELO

Create a bright and very modern look to your home with the Michelangelo laminate flooring. The surface imitates a wood grain effect to add texture and bring warmth to your home.

The range of hues within each plank accentuate the intricate detail of all the grains and knots in the flooring, adding dimension to your home. The planks are made at a very high quality so they are built to last which is great for all homes. The variety of colours within the Underfoot Michelangelo range help to create a spacious home as the colour mimics the natural colour of wood, giving a fresh, earthy feel.

In addition, it is also a great alternative to real wood as it is very easy to maintain as it wipes clean whilst having bevelled edges to create a real wood flooring finish which will add style. It is also very straightforward to lay with an easy click system so your new floor can be fitted quickly.

KUSAMA

Chevron style flooring is currently on-trend as it gives a sense of dynamism to any space whether you are going for a traditional or a modern look.

The Kusama Chevron laminate contains a wide variety of hues which mimics real wood with the different coloured tones, so no two boards are identical.

The detail of the knots and 'natural' looking grains running through each board makes it stylish and more affordable whilst still maintaining the luxury quality.

The laminate boards give a high-quality finish as the circulating groove bevelled edges create a snug fit between each board so the transition is smooth, creating the real structured wood effect.

Engineered Wood

The Luxury of Wood Flooring

Glacier Bay White Oiled UFWOE1599C2

ENGINEERED WOOD

We are so confident in the quality of our flooring, all our real wood floors come with a 25 year structural guarantee!

All of our wood collection is engineered, our fantastic wood flooring has been expertly crafted with layers of timber and solid wood. These multiple layers create a stable flooring plank, with great moisture and heat tolerance, perfect for use with underfloor heating systems. Underfoot engineered wood flooring has been designed to feel and look authentic, with bevelled edges and textured embossing.

Our engineered wood ranges offer amazing value for money, and with a whole host of benefits, it definitely beats the hefty price tag and intensive installing process of solid wood floors. Engineered flooring is highly durable, it's multiple layers of solid wood and timber creates a more stable and sturdy structure, great for even the busiest of homes.

BANFF

Create a traditional or contemporary home with the Banff Brushed Lacquered wood flooring.

The brush lacquered surface adds detail to the flooring. Featuring authentic grains and knots with a slightly smooth yet textured finish, to show off the natural beauty of real wood flooring, especially as each plank is finished with bevelled edges, creating a sleek transition between each plank.

These colours will create a lovely dramatic look in your home, which will add dimension and create a cosy and relaxing environment. It will create a striking contrast if you have a light interior, making it grab attention or it will blend in well if you have dark furnishings.

As the flooring is lacquered, you haven't got to worry about your home being dark as it will help the flooring to reflect light, making your brighter so you don't have to compromise with a lighter coloured flooring.

YOSEMITE

Yosemite Brown Brushed Lacquered flooring is perfect if you are looking to create a modern or traditional home. The brushed surface enhances the natural beauty of the wood from the natural knots and grains running through the planks giving the flooring a distressed antique look. The lacquered finish adds protection to the flooring without taking away the texture from the brushed finish so there is still texture present.

As the boards have bevelled edges, your flooring will have a high-quality finish from the smooth transition it will create between each wooden board. The dark brown wood has hints of yellow hues running through it creating a mix of cool and warm undertones. This is perfect if you want the cosy feel and added dimension whilst your home feels fresh and airy. It will also suit most colour palettes so you can create a contrast or a blended look with your furnishings.

GRAND CANYON

If you are looking for a highly detailed wooden flooring, then look no further with the Grand Canyon Golden Handscraped Lacquered wood flooring.

The hard scraped effect gives the illusion of the flooring look old and somewhat distressed antique-like from the finish of the planks and from the intricate detail of the knots and grains running through the planks. This makes it perfect for traditional styled homes as well as modern home if you are looking to create that contemporary feeling.

The golden honey colour will help to draw in natural light, creating a bright and airy home, especially as it is lacquered which gives for flooring a hint of shine.

As it is very natural in colour, it can be paired with a vast array of tones whether you have neutral interiors or prefer the more colourful look for your home.

ROCKY MOUNTAIN

The Rocky Mountain Oiled flooring is perfect if you are looking for a natural oak flooring. The beautiful knots and grains running through the flooring ooze sophistication and class as the flooring will bring a lot of character into your home.

This flooring is perfect if you don't mind a little bit of maintenance. Due to the finish, it will require a little bit of an oil top-up periodically, but it is definitely worth it due to the true beauty the flooring has to offer.

The warm, golden-brown colour will add warmth and depth to your home, creating a homely and cosy environment to relax in.

The detailing of the darker brown knots and grains will add dimension to your home as it gives a textured illusion. Once more, as the warm brown colour is light, each room will feel more spacious as it will absorb the natural sunlight as it beams through.

YELLOWSTONE

The Yellowstone Walnut Stained Lacquered flooring is the one if you are looking for an easy to maintain dark wood flooring.

This stunning dark chocolate brown flooring is great for any home, in particular, modern and contemporary interior styled homes. The rich colour oozes elegance and sophistication which will draw the eye into the deep caramel coloured grains running through the boards, which gives the flooring character and depth. It is the perfect colour to create a contrast in colour with lighter walls and décor which will make your home feel earthy and cosy from the warm hues of the deep colour flooring.

It will also add more brightness to a room compared to other dark wood floorings as it has a lacquered finish as it adds shine which allows daylight to reflect off it, creating a commodious space, even in smaller rooms.

SEQUOIA

The Sequoia Coffee Lacquered flooring is great if you are looking for flooring which is easy to maintain but is still wooden.

This lovely dark brown flooring has red hues creating a chestnut colour running through the boards which will add warmth to your home. This is suitable for any type of home, whether you have a big or small house and whether you want a traditional or modern look. The deep brown grains and knots add depth to the flooring which draws your attention to each room.

As it is lacquered, there is a slight shine to the flooring which is perfect if you want to use it in small spaces or lack natural light. As the sunbeams in, the light will reflect off the floor and add brightness to your home so you don't have to compromise on the colour of flooring you desire.

EVERGLADES

The Everglades Smooth Lacquered flooring is the perfect way to bring earthy tones into your home.

The stunning natural light brown colour is perfect to enhance each room of your house to make it feel more open and spacious.

The smooth lacquer gives the flooring a slight sheen so it looks polished and well finished. The herringbone design as displayed in the pictures is a great way to make a room feel wider as the 'v' shape gives the illusion of a bigger room which is especially good in small rooms and in narrow hallways and landings.

The design is renowned for being in luxurious stately homes so why not give your own home the same look.

This flooring is a very natural way to create an elegant and timeless finish to your home as the floor does the talking with the darker shades of brown bringing out the details of the knots and grains running through the planks.

Smooth Lacquered 1491

ACADIA

The Acadia Brushed UV Oiled wood flooring is a great way to enhance your living space to make your home feel fresh and bright.

The lovely light brown with cool undertones running through it will make your home feel bright as the natural sunlight will reflect off it when the sun beams through your windows.

Using these boards to create a herringbone pattern is a great way to create the illusion of extra space if the rooms in your home are on the smaller side. The 'v' shape creates the appearance of a wider room which is perfect for narrow rooms and hallways.

As the tone of the wood is subtle in colour, it is timeless so will go with all interiors.

As the flooring is UV oiled, it will require periodic oil maintenance in high traffic areas and occasionally the flooring will need to be re-oiled on less used areas.

Brushed UV Oiled 1493

KOOTENAY

This Kootenay Smoked White UV Oiled luxurious looking flooring is a medium brown toned wood with a distressed feel from the white hues in the grains of the wood, which really enhances the detailing of the flooring.

It will add dimension to your home as it creates the illusion of added texture even though it has a classic UV oiled finish to it. As it has this finish to the flooring, it will require maintenance to keep it looking newer for longer.

It will need to be reoiled periodically in busy areas and on occasions in quieter areas. Creating a herringbone design with the flooring like in the product pictures above, will give your home that elegant, sophisticated look to it as this design is very common in large stately homes.

Not only does it look nice but it enhances your living space by making it feel wider, and there, more spacious.

GUADELOUPE

The Guadeloupe Invisible Finish Matt Lacquered flooring is great for all styles of homes.

The cooled toned medium-light brown flooring creates a fresh and earthy look, making your home feel more airy and open.

Because the flooring does have cooler tones running through it, it gives off a slightly distressed look, making it look old and antique which is perfect if you want the traditional look or even a contemporary look as it will pair well with modern décor. The details of the knots and grains are so defined, each floorboard is unique, creating a rustic timeless look as it shows off the natural qualities of the wood but in a subtle way.

The flooring is finished with a matt lacquer which helps to create a natural finish to the flooring without compromising on the longevity of it as it adds a layer of protection to withstand busy households.

GLACIER BAY

The Glacier Bay White Oiled is perfect if you are looking for a classic finish flooring which is light and neutral within its colouring and it looks great along-side most pre-existing interior colour schemes.

The 'oil' style makes the floor look modern and seductive in its appearance. The floor looks like a classic wooden floor, which is of very high quality and it stands out against other variations of flooring.

It is also extremely durable in its structure and texture, so it is ideal for family homes or homes which that receive wear and tear, as this floor is unlikely to get damaged easily.

This shade is also great for busy family homes because the light colouring does not show marks, so little maintenance is required to keep this floor looking as good as new.

There is a commercial and a domestic warranty of 25 years.
